

AerGO®

PRODUCT CHANGE ANNOUNCEMENT

CleanAIR® AerGO® - product change announcement

In order to improve user experience of CleanAIR® AerGO® unit, we bring in our new Heavy Duty battery.

The double capacity of the battery allows user to work whole shift even with combined filters without the necessity of changing the battery.

Please, pay your attention to following pages with additional detailed information concerning the latest improvements in the CA AerGO® product line!

See more details on following pages.
