## Areas of application

A light protective shield with an easily replaceable high quality visor provides excellent respiratory and face protection against splash of chemicals. A fully adjustable ratchet headgear provides comfortable and secure fit. Panoramic visor ensures clear and broad field of vision. According to EN 166 it provides protection against liquid spraying.

CA-3 finds application in many sectors like environments with low chemical resistance requirements, chemical industry, laboratories and spray painting.

## Limitations

- Please, read carefully relevant instruction for use and follow your national safety regulations for PPE.
